TO WHOM IT MAY CONCERN

This letter is to confirm that Mr. Ronald J. Lawson of The Gold Shield Group, Inc., has undertaken project investigations on an exclusive basis over the past twelve years on behalf of our firm.

During this period, Mr. Lawson completed assignments in many countries including, but not limited to, China, Canada, the Caribbean Basin, Mexico, Slovakia, Istanbul and the Democratic Republic of the Congo, where he braved an often inauspicious and peremptorily hostile environment to complete his project due diligence in a timely manner.

Mr. Lawson has always shown a diplomatically skilled approach to his forensic obligations as a Professional Investigator, and has demonstrated time and again his uncanny ability to uncover and present the true facts surrounding representations made by a client, particularly, when seeking funding for a project.

His expertise, attention to detail, critical analysis of the facts, and ability to prepare concise and meticulous reports make him a true professional in his field.

Our company will continue to retain his services.

Yours truly,

A. Narinesingh
Senior Partner
